

The **GX4®** is an intelligent gas monitor that has the ability to detect up to 4 gases simultaneously, giving you assurance that the air you and your employees are breathing is safe.

## Real Time Monitoring

Monitor up to 4 gases simultaneously from the illuminated display screen, complete with a built-in safety power reserve, ensuring the unit will run for 18 hours in the event that power is cut to the unit. The GX4® intelligent gas monitor tracks and logs the quality of the supplied air.

## Advanced Alarm System

Fitted with a 103dBA staccato alarm. External alarms can be connected for remote operators.

## 3 Sensors Available For Added Protection

In addition to the carbon monoxide (CO) sensor, hydrogen sulphide (H<sub>2</sub>S) and oxygen (O<sub>2</sub>) sensors are now available. Many gases like carbon monoxide (CO) are not easy to detect and although low levels of exposure may not be immediately fatal, ongoing contact with the gas at low levels can have an accumulative effect causing health concerns.

### Part Numbers

Part Number	Description
<b>MT0840001</b>	GX4® Gas Monitor (US) - Carbon Monoxide (CO) - 10ppm, Power Adapter Pack, USA Power Cord
<b>MT0840002</b>	GX4® Gas Monitor (Canada) - Carbon Monoxide (CO) - 5ppm, Power Adapter Pack, USA Power Cord
<b>MT0842001</b>	GX4® Sensor Cartridge; Carbon Monoxide (CO) - 10ppm
<b>MT0842002</b>	GX4® Sensor Cartridge; Carbon Monoxide (CO) - 5ppm
<b>MT0842003</b>	GX4® Sensor Cartridge; Hydrogen Sulfide (H <sub>2</sub> S) - 10ppm
<b>MT0842004</b>	GX4® Sensor Cartridge; Oxygen (O <sub>2</sub> ) - 19.5-23%
<b>MT08231</b>	GX4® Aluminium Wall Bracket
<b>MT08434</b>	GX4® Auxiliary Cable 15m (50ft) with Bare Ends
<b>MT08435</b>	GX4® Auxiliary Strobe Light with 15m (50ft) Cable
<b>MT08436</b>	GX4® Auxiliary Strobe & Audible Alarm Tower; 15m (50ft) Cable
<b>MT08422</b>	GX4® Replacement Sensor Manifold Tube
